## Front Report

# Interview with NSM Leader Burt Colucci

Translation of the *NS Kampfruf* (NSK) interview with Burt Colucci, leader of the *National Socialist Movement* (NSM).

**NSK:** Please introduce yourself.

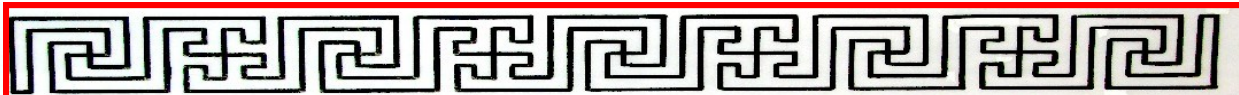

**Burt Colucci:** Hello, my name is Burt Colucci!!

**NSK:** When did you start your political work and what was your motivation to do so?

**Burt Colucci:** My political work began around 20 years ago. Back then, the internet was not what it is today. Consequently, it made it extremely difficult to contact groups like the NSM unless you already knew someone involved. Ever since I was very young, I have been exposed to the violent atrocities that Black "African Americans" inflicted upon this once great nation. What I could not wrap my head

around is exactly why these savage niggers were being force-integrated into places where they were not wanted. To be per-

fectly honest, it wasn't until much later that I discovered (through research and experience) that it was the Jew forcing the niggers and all manners of degeneracy down our throats. This problem in America has only been amplified over the last two decades and this is the reason for my activism/motivation.

**NSK:** Please introduce us into the political goals of the "NSM".

**Burt Colucci:** To say we have specific goals here in the United States would be unrealistic. Obviously, I could dream of the days of the Third Reich and huge rallies with tens of thousands of people in attendance, much like Nuremberg. Here in America, I believe the die has not yet been cast for National Socialists coming to political power. National Socialism is nothing new to America, I just believe that many Americans are ignorant to the very meaning of the term. It is often confused with Marxist Socialism here and many Americans frequently mix the two up. That being said, I believe at this stage, the goal is to make White Americans understand that National Socialism is the only thing in this world that is going to save their families and themselves.

**NSK:** The founders of the NSM were both long term activists of George Lincoln Rockwell's Party. In which way was or still is the "NSM" affected by Rockwell's political legacy? How relevant is Rockwell's ideological legacy nowadays within the USA?

**Burt Colucci:** I am a big fan of Rockwell, second to Adolf Hitler. There are many people that I admire from the Third Reich, but Rockwell has something that I need. Unlike many Germans, Americans have

other priorities when it comes to learning new languages. When I visited Frankfurt/Hessen, I was amazed at how many languages the German people could speak. I attributed this to intelligence, hard work and superiority as a result. Commander Rockwell comes from a time in America when things were not so good, but better than they are now. The fact that Rockwell speaks English makes it much easier for Americans to relate to what he is saying.

**NSK:** The – still existing - freedom of speech-aspects of the American Constitution are well known even, so you've got more options in in your propaganda work than similar organizations and parties in the EU. So please introduce us into the political and propaganda actions of the "NSM":

**Burt Colucci:** We in fact have the huge advantages of having the First and Second Amendments here in the United States. However, the Jew has found indirect ways to circumvent these rights. Consequently we can fly Swastikas and pay tribute to the Third Reich and Adolf Hitler openly and directly. The bad news is when many Americans do this, they become "doxxed" (publicly known personal information). This causes them to lose their jobs, kicked out of their homes, their children become ostracized, along with themselves, etc. I personally don't care about becoming "doxxed" because I just adjust as needed. Fire me, I find another job. Humiliate my children and they will hate Jews and non-Whites without me having to teach them a thing, etc. Freedom of speech does have huge advantages, but clearly the Jew is slowly putting restrictions on that as well, by regulating what exactly falls under free speech and what does not. Worldwide podcasting on

Blogtalk Radio and public-speaking/protesting are our main tools for our fight currently.

**NSK:** Is there generally any cooperation among nationalist parties and organizations within the USA?:

**Burt Colucci:** The prior NSM ran by Jeff Schoep was huge on cooperation between White Nationalist groups. This is not the case with me though. Most American White-Nationalist organizations are weak, opportunistic idiots whose only goal is to become the leader. When it comes time to make "leadership decisions" or answer for "leadership consequences", they tend to disappear. Would we love to work together for a common goal of saving the White race? Absolutely!!! However, we will do what works, not what appeases everyone. If other groups have a problem with our

Swastika (which has been a problem in the past) then they can piss off. If they have a problem with our tactics, show me a tactic better than ours. If you have nothing to offer other than your big mouth, go back and get drunk around the campfire listening to scratched up Skrewdriver CD's. We are here to save the White race, not pander to one another.

**NSK:** Can you describe the development of the initiative "Unite The Right" during the past years? What do you think about that initiative per se?

**Burt Colucci:** The "Unite the Right" initiative that took place in Charlottesville, Virginia is essentially dead today. They had a great thing going there during that event. The problem came in after the event was over and the backstabbing started go-

ing on between all the organizations and individuals. Could it be the Jews perpetuating this division? There is a strong possibility that could be the case. That still DOES NOT excuse Aryan White people screwing each other over in order to poach members for recruitment reasons into their organization. If they had all acted like White people, it could have been a situation that helped White America indefinitely. But they screwed it up.

**NSK:** What do you think about the former US-President Donald J. Trump? Some people call him a puppet of the Jews. On the other hand, his populism brought pro-white positions back into the public debate. So is it realistic to call his administration an advancement of the White cause within the USA? In that way, that the white cause per se has been implemented more strongly into public awareness?:

**Burt Colucci:** I believe he was the best choice White America had in 2016. That being said, I do believe that he was a "puppet of the Jews". America spoke loud and clear in 2016 when they voted for Donald Trump. I heard them openly say "We want a White America and a President who will deliver just that" and they didn't get it. Many conservative Americans became complacent once Trump was elected because they essentially had their hero in the White House, so then they quit politically fighting as a result. Since I coined the term "Every Conservative-American becomes a National Socialist when they grow up", this created roadblocks for us. Now that we have a total Communist moron like Joe Biden in the White House, it has been much easier to recruit.

**NSK:** Please describe the situation of the National Socialist cause within the USA nowadays:

**Burt Colucci:** You'll be happy to know it is very much alive!!! Many things have shifted in it though. I have personally made the National Socialist Movement USA function in the same regard as our great Führer Adolf Hitler would have wanted. Quality over quantity!!! The reason why Charlottesville had a turnout of 1000's of White Nationalists is because it was a compilation of 100's of groups and individuals. This obviously fell to pieces after the event because the organizations involved had "weak knees" and were not true National Socialist's. Richard Spencer was one of the most well-known leaders of that event and he is nowhere to be found today. Many people would argue that Richard Spencer and the Alt-Right were "a success". If he was a success, he would be in one of two places. Either in the White House or six feet underground. I see him in neither,

**NSK:** Especially Europeans are considering the USA as being a two-party system. But in fact, there exists a large number of electable parties within the USA. Does the "NSM" participate actively in elections? Please describe the situation of small party's during election times:

**Burt Colucci:** America, in its current, form is absolutely a two-party system. There are other parties on the ballots, but they have absolutely no chance of winning. We tend to support the Whitest candidate we can find who harbors goals as close to ours as possible. Often people say that we should run as National Socialist's on the ballots and perhaps we could win. The trouble with this is it took Donald

Trump hundreds of millions of dollars to become elected President. If we were to participate in smaller elections, often times the Jews will make every effort to get us impeached simply because we are Nazi's, should we win. Furthermore, we lose a lot of our rights by becoming an "elected-official" so it becomes very tricky.

**NSK:** How strong is the enemy? The incidents of Toledo/Ohio, Sacramento/California and Charlottesville/ Virginia, for example, made worldwide headlines. These three incidents are already a strong illustration of the massive violent potential of the Marxists and non-white organizations. What is the viewpoint of U.S. citizens on these or similar incidents?

**Burt Colucci:** To me, this is like World War Two all over again, in a sense. Our Antifa enemies (equivalent to Russians)

almost always outnumber us, but get destroyed when they physically attack us. For example, in 2019 we walked through the middle of Detroit with a little over a dozen NSM members. Our enemies were not only afraid to touch us, but in many cases hid from us. In this particular instance, we were outnumbered 4,400 to 1 and we still owned the day. Why we only had a little over a dozen people has been and remains the problem. Most White American's don't want their precious little lives interrupted in any way by being televised across the country marching with Nazis.

**NSK:** Our ideological enemy within the USA seems to become even more powerful by the anti-white mob, like the cynical "Black Lives Matter" movement (BLM) has already illustrated. Reports of massive violent acts in U.S. cities, caused by Marx-

ists and non-white gangs, are witnessed even in Europe. This cultural replacement of the Whites has been supported by a constant growing pressure in demographical aspects. What is your opinion on the current state of the White Race within the USA?

**Burt Colucci:** As I previously mentioned, they are more concerned with maintaining their pathetic jobs than they are saving their race. I believe that this will change though!!! Much like Weimar Germany, these savage niggers will take the food off their table, jobs away from them and make the White's pay reparations for slavery. The fact that nobody alive today has ever owned any slaves is irrelevant. White people in America are only at their best when things are at their absolute worst. Therefore, I'm really looking forward to the Jew pushing the American nigger down the average White American's throat. Then and only then is when National Socialism will save them.

**NSK:** The USA lost many citizens to Covid-19, mainly due to massive lacks of prevention and a weak/ exclusive healthcare system. Would you blame the system?

**Burt Colucci:** The healthcare system in the USA is not what it used to be. Many people are having to wait months now just to even get an appointment to see a doctor. When you finally do see the Doctor, you will generally get some under skilled nurse practitioner or doctor who is from a foreign country. This would be acceptable if they were any good in their field. Sadly most of them suck at being doctors and are overworked to make it even worse. Therefore, I don't blame the healthcare system for COVID. I blame the Jew for forcing

America to kiss the lips of other filthy nations while we catch diseases. Now the nation is so disease riddled, we have to wear masks just to go out in public. Disgusting!!!!

**NSK:** What do you think, how will the USA develop during the Biden/Harris administration? For example: waves of illegal immigrants are started to move to the U.S. borders shortly after the "election" of Biden.

**Burt Colucci:** I am actually excited about it!! National Socialism would not flourish under a Trump administration, so this may be the straw that breaks the camel's back. White people in America are complacent as they get kicked politically. I say give them some more, they seem to enjoy it!!

Our goal here in the United States is to provide White Americans with the tools they need to take their country back, should the majority wake up. We have absolutely no intention of doing it for them!!

**NSK:** Thanks for the interview. Keep up the good work. The victory is ours! - Feel free to add some final words to our readers

**Burt Colucci:** Two of my favorite quotes by Adolf Hitler: "Those who want to fight, let them fight. Those who do not want to fight in this world of eternal struggle, do not deserve to live", and "Speak the truth and fear no one.

That's exactly what we have been doing on will continue to do so.
